

GOLF SERIES

SESSION 2 RECAP - 10/12/18

Student Veteran Perspective

"Golf quickly turned into a game that I enjoy and learned how it can be useful throughout any profession."

Kimberly Delgado is a Marine Corps Veteran in pursuit of a B.S. in Public Policy

Learning the Game

SESSION 2 TOPIC: SHORT GAME

Today, we continued our Golf Series with an hour on the driving range to improve on last week's lesson. The training also emphasized the short game during the second hour. Instructors took the time to teach us the difference between chipping vs pitching and choosing when to use either swing method. Moreover, we learned the appropriate techniques to improve on our swing for both methods. We wrapped up our second session with the basics of putting.

Learning Outcomes:

1. Importance of hitting down on the ball with iron clubs
2. Understanding what is a chip shot vs pitch shot
3. Remain calm and relax and let the club do the work
4. Putting stroke = shoulders move in a pendulum motion
